We extend words of thanks and heartfelt appreciation for all those who have helped us along our way. Truly, it takes more than a family to raise a child. It takes a community. To all those who have helped us in our endeavors these past years - our families, friends, teachers, and others - we owe more than we can possibly begin to repay. The influence that you have on the lives of those around you is immeasurable. It is with your help that we have come this far and continue on.

In Loving Memory

Carly Frederick

Sept. 20, 1983-Dec 3, 1996

Classmate through 8th Grade

"One of my important beliefs is positive thinking. I found out the hard way--if you don't have positive thinking, things usually don't turn out too well. And if you do... things usually turn out pretty good."

Also, I believe in asking for help.... A lot of times it's needed pretty badly... if you do ask for help, somebody will assist you."

"Another thing I believe in is doing my best... getting the job done...."

--Carly's Autobiography

Carly's upbeat attitude and joyful determination was a daily inspiration to us all. Carly will forever sing in our hearts!

Alisha Grimm, Editor

After working on and completing five yearbooks for previous editors who left for college, I sign my name to the sixth and final yearbook. This ends my role as a student at Fredericktown.

Special thanks goes to my staff -- what a fun bunch! We'd laugh over ridiculous things and complain about teachers not having pictures taken or coaches not turning in stats. We'd sing to the *Forrest Gump* soundtrack or belt out songs to the high school musical. We'd snack on chocolate sucker samples and fold newsletters or sort sweats for extra money. During all of that we chose pictures that would best represent school life. We checked the spelling of thousands of names and double checked stats to make sure we had the most accurate permanent record for you, knowing that 50 years from now, newspapers, more pictures, and literally some memories would be gone forever.

Most think putting together a yearbook simply means choosing pictures, typing names, and Voila! it is done. First-time workers are shocked at how much is involved. Some are unwilling to make the kind of commitment it takes to get the book done. Others get hooked by the challenge and stay on to be the core staff. You, dear friends, are the ones who helped make this book possible. I especially thank you for your summer hours and the finishing up in November.

I would also like to thank these people: Mr. D. supported us with advice; Mrs. Ruhl and Mrs. Groves fielded many phone calls, collected money, and distributed yearbooks; our Josten's rep Chuck Campbell was only a phone call away; Su Semerar and Bob Kempen were available to open and lock doors, turn on the heat, and adjust the summer cleaning schedule to accommodate us.

Lastly I would like to thank our advisor Mrs. Carolyn Grimm, my mom, who worked every moment she could making sure this was a high quality publication. Thanks, Mom.

To the Class of 2001, I wish only happiness. We have been together through good times and the bad, laughing and crying, winning and losing. Through the death of a classmate in 8th grade we learned that together we can make it. Despite our differences, when it counted we, as a class, stood together to make a difference. Now we leave with memories that will last a lifetime.

A special thanks goes out to each and every teacher and staff member who helped us develop our talents and abilities. Although we may not be, as our 3rd grade operetta said, "24th Century Kids," we are stepping into the future, well prepared by the teachers and staff at Fredericktown. I am proud to have been a part of all of this.

Alisha Grimm

Advisor's note: Alisha started doing yearbook in 7th grade. At that point the yearbook production was way behind, and because the staff was very inexperienced, I drafted Alisha. So she's helped complete six yearbooks, competently learning all aspects to the point that she could do everything. Two years ago we started recording hours spent at meetings so that the steady workers could be recognized for their efforts. In just two years Lish accumulated over 300 hours, and that doesn't include all the sports banquets she attended to take the awards pictures, the Mt. Vernon trips to drop off or pick up film, the hours selling ads that others couldn't do, and the days spent working at home because she was my "captive."

Lish was the steady force that got yearbooks done. Although the 300+ hours these past two years were stressful, I cherish that time, watching Alisha become a strong leader and organizer. I know at times she'd have liked to have made excuses and skipped yearbook as too often others did. Instead she'd go in an hour early to work uninterrupted and to organize what needed done for that meeting. It was indeed true leadership. So, thank you, Lisha. I'm so proud of you. I love you.
